

## Luc Montagnier

August 18, 1932 – February 8, 2022

**N**obel Prize winning virologist Dr. Luc Montagnier quietly passed away in the company of family and friends on February 8, 2022. Professor Montagnier was a maverick in the field of virology having won the Nobel Prize in 2008 for his discovery of the human immunodeficiency [AIDS] virus. He was one of those rare geniuses who never compromised on his principles and was more interested in the truth than in the dogmatism we so frequently encounter in those who subscribe to scientific materialism.

In 2010, Professor Montagnier published a paper, *DNA Waves and Water*, which took the medical and scientific community by storm. Montagnier filtered out all particles of bacterial DNA from a vial of water and discovered that the filtered solutions, containing no material particles, continued to emit ultra-low frequency waves! The implications for the potentized medicines used in homeopathy were obvious.

And so, in 2012, Professor Montagnier was invited to speak at the Joint American Homeopathic Conference in Reston, VA. I distinctly remember people walking out of the presentation saying, “I didn’t understand a word of that, but now I know homeopathy is real.”

In 2020, Dr. Montagnier was again invited to speak at the Joint American Homeopathic Conference offering a presentation entitled *Homeopathy – The Future of Science and Medicine*. The revolutionary talk was a real eye-opener for those unfamiliar with homeopathy’s firm grounding in the scientific method and was greatly appreciated by all who attended the conference. Dr. Montagnier’s passing is a great loss for all of humanity and he will be greatly missed.

—Kim Elia

### *Your Lasting Legacy*

**A planned gift is one way you can make a meaningful contribution to the National Center for Homeopathy (NCH). To learn more, please contact us at [info@homeopathycenter.org](mailto:info@homeopathycenter.org).**

NCH does not provide legal or tax advice. We strongly encourage you to consult with your attorney, financial advisor and/or tax advisor to review and approve any updates to your will or estate plan. We will gladly work with your independent advisors to assist in any way. NCH is a tax-exempt 501(c)(3) not-for-profit organization, so your charitable contribution is tax deductible to the fullest extent allowable by law.

**Robin Murphy** *Continued from page 18*

Robin Murphy’s classes at NCNM in the 1980s were fascinating and inspired my career as an ND with classical homeopathy at its heart. He once shared some thoughts about life and death; he said our life here was like the booster on a rocket heading out of the atmosphere into space. The life we lived would determine the trajectory of that rocket. As the life in the body fell away, the rocket, the true self or soul, would be launched into its greater universal existence. On hearing of Robin’s death, I thought about his booster falling away as he soared into his great journey.

—Jody K Shevins, ND, DHANP

**Raymond Edge** *Continued from page 20*

Ray gave a spark to our community and created so many stars of homeopathy with his vision. Ray gave us the passion to send these sparks out to our patients and their communities. I will always remember him as a star in my life.

—Lisa Decandia, HOM, DSHM, Msc

Ray was an extraordinary fellow, and he made huge contributions to our field. A good soul and very giving.

—Alan Schmuckler

**Learning how to use a Homeopathic Medicine Kit**  
an expanded e-course created by  
Dana Ullman, MPH, CCH  
80 Videos + 600 page ebook
